

Movie

Describe a film/movie you would like to share with your friends

You should say:

- What it is
- Where you watched it
- Who you watched it with
- And why you want to share it with your friend

Part 1

- Throughout my life, I have watched a number of movies, whether it be at home, or at the cinema. Therefore, today, I decided that I am going to talk about a movie called **ed** Harry Potter.
- Generally speaking, I love watching movies, so I have watched many movies from different genres, whether it be thrillers or comedies. Therefore, I decided that I am going to talk about the Harry Potter Movie.

Part 2

- To start off, Harry Potter is a film adapted from a book series called Harry Potter. It is about a wizard to goes to a magic school named Hogwarts. I think that I **watched** the film for the first time when I was thirteen. I **went** to the cinema to watch it with my friends at the time. The reason why I went to the cinema was because I **was really excited** to watch the movie, and I **couldn't wait** for the CD to come out.

Part 3

- Moving on to why I would love to share this movie with my friends
 - The first reason that comes to my mind is that the story is very fun and very relatable. I think that the story is very realistic. For example, it's about students to go school to learn magic, like normal people who attend school to gain knowledge.
 - But most importantly, in terms of life lessons, I believe that one can learn so much from watching this movie. For instance, in the end, Harry is able to conquer the dark lord/ villain of the movie named Voldemort.
 - Moreover, I think that people can also learn proper British English by watching this movie as well because the cast in the movie is all British.

Part 4

- If I have the opportunity, **I would definitely watch this movie again** because it reminds me of my childhood.
- Hopefully, there would be more Harry Potter because I feel like I can spend all day and all night watching the movie, and learning some spells.
