

Products you're dissatisfied

A product you bought and were dissatisfied about.

You should say:

- what the product was from
- where you purchased it
- what was not satisfying about it

and explain what you did with the product.

Part 1

- throughout my life
- Generally speaking, I am such a **shopaholic**, especially online shopping, so I bought so many products from Shopee, an online shopping platform, whether it be skincare or electric device.
- Laptop

Part 2

- shopee
- 2 years ago
- During the monthly sales
- From a Chinese brand, I don't remember how to pronounce the name of the brand
- The reason why I bought it
 - Monthly sales - compared to other brands, it's so much cheaper/ **affordable**
 - In fact, it was three times cheaper than normal brands on the website

Part 3

- Why I wasn't satisfied with the product
 - First - unhappy - delivery time
 - It was mentioned on the website that the delivery was within 3 days. However, **in reality**, it took 2 weeks.
 - But most importantly, the laptop was really bad in terms of quality. It was really slow.
 - For instance, it took more than 10 minutes to start the laptop.
 - **Not to mention**, it took forever to download simple applications like Line.
 - So, I gave up.
 - I tried to contact the seller, but they **were no help. I couldn't even get a refund.**

Part 4

- Finally, if people ask me if I recommend products from Shopee, I would say that it depends on whether they want to waste their time and money or not. Because most of the time, **there's no guarantee when it comes to the standard of the products.**
- **Though**, I have to warn them that it can be very **risky** to order from this website.
